To Whom It May Concern:

I have reviewed the proposal from the Fundamental Sports Academy by Paul Fresques. Paul has been professional and organized in his presentations to me, and I believe this project to be very beneficial to the youth in our community, and am a strong supporter of the program.

I believe that the youth in our community need a facility, such as the one proposed by FSA. I believe that the facility would encourage our youth to become involved in sports and other activities, which increases their self-esteem and lessens their chances of becoming involved in gangs and crime.

If you would like to speak to me on my views of the program, please call my office at 546-8500.

Sincerely,

Jerry Stevenson, Mayor
