Ogden Office

To Whom It May Concern:

I became associated with Paul Fresques several months ago in an effort to assist him in incorporating the Fundamental Sports Academy. I spent several hours with Paul reviewing his ideas, principals, and visions of the future of the Fundamental Sports Academy program. Having had the opportunity to see first hand the devastating effect of criminal behavior, decaying moral values, and general lack of guidance has had on our youth, I am a firm believer that opportunities such as those that will be available through the Fundamental Sports Academy will not only benefit those who participate directly but also those of us who hopefully will see the positive effects of such programs.

After meeting with Paul on several occasions, it became clear to me that he is an extremely dedicated person who desires to assist young people everywhere through the Fundamental Sports Academy. It is my sincere hope that other members of the community will assist our young people by supporting programs such as the Fundamental Sports Academy.

Very truly yours,

CHRISTOPHER L. SHAW
