To Whom It May Concern:

I am pleased to write this letter on behalf of the Fundamental Sports Academy and Paul Fresquez and to lend my name to this organization if it helps to promote what I believe to be an excellent program and a great idea.

You may know that the Fundamental Sports Academy is an organization whose mission is to provide a constructive atmosphere where young people can accomplish their sports goals but also accomplish their educational goals and learn the fundamentals of good citizenship. The Academy stresses and teaches organization, hard work, diligence, respect, and responsibility for ones self. In my profession I too often see young people who lack any of these qualities because they have not been able to avail themselves of positive role models and/or people who take sufficient interest in them to provide them an appropriate framework to mature and grow as good citizens. This, in my view, is the niche which FSA fills.

I have assisted Paul and FSA in lending my support in the past and will continue to do so in the future. If there are any questions that I may answer about this organization please feel free to contact me.

Sincerely,

Mark R. DeCaria
Weber County Attorney
